Readiness Score: 35/100 (HIGH REJECTION RISK)
4 issues detected. Critical issues must be resolved before submission.

AUDIT FINDINGS & RECOMMENDED ACTIONS

RULE_03_DIAG_PROC_MATCH	CRITICAL
Primary ICD-10 diagnosis code is completely missing from Claim Form Part B.	
Fix: Review medical notes to ensure the primary diagnosis justifies the intervention, or include relevant secondary comorbidity codes.	
RULE_07_DOCTOR_REG_MISSING	MAJOR
Treating doctor's State Medical Council / NMC registration number is missing.	
Fix: Enter the treating doctor's official registration number along with the state medical council name in Part B Section A(f).	
RULE_08_HOSPITAL_ID_MISSING	MAJOR
Hospital ROHINI ID (IIB registry) is missing in Section A.	
Fix: Provide the 13-digit ROHINI ID allotted by IIB in Part B Section A to confirm accredited network hospital status.	
RULE_18_BANK_DETAILS_MISSING	MINOR
Insured's bank account number and IFSC code missing from Claim Form Part A Section F -- required for NEFT settlement.	
Fix: Complete Section F of Part A with bank account details and attach a cancelled cheque copy bearing the policyholder's name.
